

FLORIDA RESIDENT LICENSING

Florida 2-15 License Action Checklist

Course to application to fingerprints to exam to appointment

WHAT THIS WORKBOOK DOES

Use this checklist to follow the standard first-time resident path for Florida's 2-15 Health & Life (Including Annuities & Variable Contracts) Agent License, while preserving the distinction between education, examination, licensure, appointment, and product-specific authority.

Privacy rule

Do not write Social Security numbers, fingerprint or identity-document copies, payment-card details, MyProfile credentials, passwords, or background-disclosure details on this worksheet. Complete sensitive steps only through official secure systems.

VERSION	SOURCE REVIEW	FORMAT

Education and planning only. This workbook does not provide legal, tax, compliance, licensing, employment, or financial advice and does not guarantee a license, appointment, job, enrollment, or income. Verify every step with the responsible official source and organization.

ROUTE CHECK

Confirm the exact credential and qualification path

The standard path below is not the only Florida qualification route. Transfers, designations, college credit, reciprocity, or other official exemptions can change the sequence.

- [] **Credential.** The target role calls for the 2-15 Resident Health & Life (Including Annuities & Variable Contracts) authority, not only a 2-40 or 2-14 license.
- [] **Eligibility.** I reviewed age, bona fide Florida residency, citizenship or work authorization, other resident licenses, occupation restrictions, and all conditions on the current DFS qualification sheet.
- [] **Qualification path.** I identified whether I am using the standard 60-hour approved course path or a documented official alternative.
- [] **Provider check.** I verified the provider and exact course through Florida's official course search before paying.
- [] **Timing.** On the standard course path, the approved 60-hour life-and-health course will be completed within four years of the application date.

Scope boundary

A 2-15 license does not by itself create an insurer appointment, a securities registration for variable products, Medicare or ACA annual certification, product training, employment, or income.

My verified route and target role

STANDARD FIRST-TIME PATH

Seven checkpoints from education to final status

- [] **1. Confirm eligibility.** Read every condition in the current 2-15 qualification sheet and resolve conflicts before buying education.

- [] **2. Complete approved education.** Finish the correct 60-hour course on the standard route and retain completion evidence. The provider generally reports a passing completion to DFS within 21 days.

- [] **3. Submit the state application.** Apply through the official Florida process, answer disclosures accurately, and pay current state fees.

- [] **4. Provide prerequisite proof.** Follow MyProfile instructions for education, designation, transfer, or other supporting proof.

- [] **5. Complete fingerprints.** Use the authorized fingerprint process and keep only the confirmation needed for your records.

- [] **6. Wait for exam authorization.** Use the MyProfile message and official Pearson path. Course completion alone is not exam authorization.

- [] **7. Pass and verify final status.** Pearson reports the result. Monitor MyProfile for deficiencies, confirm final license status, and verify the required insurer appointment before transacting insurance.

EXAM CONTROL

Verify the current Pearson facts before scheduling

These details were published in the cited Pearson handbook as reviewed August 14, 2026. Fees and vendor procedures can change.

EXAM FACT	PUBLISHED DETAIL	MY CHECK
Exam code	InsFL-LHA05 in English; InsFL-LHA05S in Spanish	☐ Correct authorized exam
Time allowed	2 hours 45 minutes	☐ Current reservation checked
Fee	\$44 per reservation in the reviewed handbook	☐ Current fee rechecked
Passing score	70%	☐ Current handbook checked
Retake limit	Five attempts for the same exam type in a 12-month period	☐ Retake rule understood

Identification and security

Use only the identification and registration process required by Pearson and Florida. Do not store ID copies, portal passwords, or payment details in this worksheet.

Deficiencies or official follow-up

AFTER THE EXAM

Licensure, appointment, and maintenance are separate controls

- [] **Final license record.** I confirmed the current official license status and resolved every MyProfile deficiency.
- [] **Appointment.** I confirmed an effective insurer appointment where required before transacting insurance. Florida's qualification sheet says the 2-15 license requires an appointment to be valid.
- [] **Product requirements.** I separately verified securities registration for variable products and any annuity, Medicare, ACA Marketplace, long-term-care, carrier, or employer requirements.
- [] **Continuing education.** I checked my specific requirement and due date. The standard published requirement is 24 hours biennially, including the applicable 4-hour 5-215 law-and-ethics update, subject to official reductions or reciprocity.
- [] **Unappointed status.** I will monitor appointment status. The qualification sheet states that the license expires after 48 months without an appointment.
